

## **Key Features – File Validation Utility (FVU) version 6.0**

- **Field level validation for field “Certificate number issued by the Assessing Officer u/s 197 for non-deduction/lower deduction” have been relaxed**
  - Existing structural validations for field “Certificate number issued by the Assessing Officer u/s 197 for non-deduction/lower deduction” under deductee details are relaxed (as per existing validations, the format of certificate number should be 1234AB567C).
  - Now, any 10 digit alpha-numeric values will be allowed under this field.
  - Same will be applicable for regular as well as correction TDS/TCS statements.
  
- This version of FVU is applicable with effect from December 21, 2018.
